Subject: Dog hit near highway

Good morning. I hope you're doing well.

I was driving to the airport early this morning and a stray dog ran across the road. The Uber driver slammed on breaks but the dog was still hit. He got up afterwards but sounded like it was in a lot of pain and struggling to move.

It wasn't safe for us to stop the car and go help it. I feel immensely guilty that I couldn't help it. But the Uber was adamant that we couldn't stop since it wasn't a safe area.

I'll send a screenshot of where around I think it was on the uber ride.

Please I hope there's someone that can go look to see if it's okay . If it is I don't mind donating to help look after it. (As much as I can as I am a student)
