Good morning Teah

Thank you for your reply.

There was NO water bowl inside the car as I have checked front and back, the only item I saw in the car was something like a dark blanket on the back seat.

The car type is a dark blue Volkswagen Citi golf – something like the photo, I do apologies I did not check the exact make.

Subject: Tygervalley shopping center, Saturday 6 September 2025- timeslot when we stopped 14.34 - car was gone at 15.20pm

Good morning SPCA

Upon arrival at Tygervalley shopping center Bellville yesterday afternoon, I parked on the top in the open and the sun was fairly hot – this car was already parked with the dog inside, all 4 windows was open with a small cack of about 4cm.

The dog was in distress and panting heavily and sort of calmed down when we try talking to him/her. This is unacceptable as I do not know how long the person was in the shopping center but clearly the car has been there for a while when we arrived.

I leave this with you as I cannot track the number plate on my own.
