Comments:	Mr Azad Salim (ID: 7910056272183, Cell: 0616194336), came to the office this morning to lay claim to the one dog, white and black and he brought an affidavit also, see attached. He explained that their dog was stolen on 2 September 2025 from their property and they have been looking for the dog ever since and found out over the weekend where the dog was found and that was at the SPCA. He provided his ID and completed the form. I explained to him that depending on what the vet's say about the injuries then I will let them know when they could collect their dog. I also told them that they will have to possibly be responsible for the payments of any fees etc.
