Comments: Dear Marion

Thank you for bringing your concerns to our attention. An inspection was conducted by our Inspectors Ngcofe and Noko at the property in question.

We were granted full access to the premises, and all animals were inspected. The following observations were made:

Birds: All the birds were found in good condition. They had access to sufficient food, clean drinking water, a hygienic living environment, and appropriate enrichment. The bird that was housed outside was resting quietly and showed no signs of distress at the time of inspection.

Dog: The Pomeranian dog was also observed to be in good health and had access to clean drinking water.

Fish: The fish tanks were clean, well-maintained, and the fish appeared in good condition.

Based on our findings, no contraventions of animal welfare legislation were observed. The animals were being cared for appropriately, and no further action is required at this stage.

If the noise of the birds is of main concern, then we suggest you contact Law Enforcement on 021 480 7700 to report the matter.

Kind regards
