Yesterday I got home from work and the neighbours were very concerned and upset as my stepfather opened the door, let me dog out into an area which isn't enclosed, and closed the door again. The neighbours and kids panicked and we're terrified, until a friend came and took him back home. The children saw him open the door to put the dog out, and he knows he is a Pitbull yet he put their lives at risk. This is unacceptable as someone could have been hurt or possibly killed. Can I make a case against him?
