Please describe the concern you have

A rooster is being kept on the premises of 40 Buitengracht Drive. I believe that a permit is necessary for the keeping of a rooster in a residential area. This rooster often flies onto our electric fence which could cause damage to our property and harm to the animal. It causes great distress to my dog when she sees it on the fence which sets off the neighbours dogs and has a ripple effect down the entire street, causing a huge nuisance. If this rooster does land up in our yard, my dog will go for it, I am concerned that this could cause harm or illness to my pet. There is also no garden area where the rooster is and the property's boundary wall is adjacent to a petrol station, as I went to complain about the noise, it starts crowing at 03:30 every morning waking up my kids and myself who has to work and be at school all day with insufficient sleep when I saw the conditions.
