Follow-Up Date:	2025-09-17
Comments:	Upon arrival, we knocked and called at the premises, but received no response. While standing outside, we immediately noted a strong foul odor and a significant build-up of faeces in the area where the dogs were being kept. Through further inspection from outside the property, we observed numerous dog food pallets scattered across the ground. An opposite neighbor approached us and stated that they had been providing the dog with food and water, as the owners were failing to do so. Based on these observations and concerns regarding the animal's living conditions , insp L.Prins began the process of obtaining an court order
