Please describe the concern you have

I have often driven passed this dog under a black bag makeshift rubbish hok. It's behind closed up wooden pallets in a closed fenced grass plot. No house no sign of life. No nothing. Never seen anyone ever, not in the morning or evening. Just this poor lone dog in a deserted hovel of pallets. My concern is total neglect. Never ever seen life so who feeds the dog. Who checks on his water.

??? Maybe they turf food over the fence. But zero love, attention or people. Just a dog in a field under this falling down black bag hok.

With the rain last night is he lying in wet ground til it finally dries under the sun.

It's not acceptable leaving this beautiful boxer type dog to live and die alone in a field.

He deserves a loving home. Sometimes he is asleep and I can't see him tucked away in his hok alone to pine away as he guards the pallets in front of his hok.

I went back tonight with food and he wolfed down three cups of Nutribite dog food. Gave him a tub of water in a chicken liver container (500 ml) as it's all I had.

Breaks my heart to see this beautiful dog left to the elements all alone.
