Subject: Animal abuse

Good day inspector, I would like to ask if you can check on a very sad pup opposite 28 Penguin street Pelican Park (corner house) with dark color walls. You guys have previously removed a dog from there. This property is not good for animals especially dogs. A smell of "Dagga" always polluting the air coming from that house. The pup dumped in front of my driveway gate invested with ticks the last time which I tried to help died overnight which I'm sure coming from this house because the cries I heard coming from them suddenly stopped after this pup passed away. Please assist

Kind regards
Harriet Rubain (0637976337)
