Comments:	Melanie from TEARS called me and she claimed that they do not have the record of the dog being there. Which is strange because the people at the shop they were saying the same thing and the vaccination certificate also confirmed that the date that the dog was seen by the vet. I also called the owner and he told me that he was not there when the dog was collected. But he was told that the dog was collected. I will follow up on shelter again on Monday.
