I would also like to report a case of concern at 33 Louise Crescent, Eastridge, Mitchell's Plain 7785. From what I understand, inspectors have already visited this property in the past, likely in response to previous complaints. Unfortunately, the situation remains extremely concerning. The dog, a pitbull, is currently kept on a very short chain 24/7 and left to sleep on a bare concrete slab. This is, in my view, completely unacceptable and constitutes cruelty. As this property should already be on your records, I kindly request that an inspector conduct a follow up inspection. I would greatly appreciate if the owners were informed that it is a continuation of a prior case, rather than being told a new complaint has been raised, as they may suspect where the report has come from. Please keep my identity anonymous, as we have unfortunately had issues with neighbours in the past regarding animal welfare matters. I tried to take a picture however it's not clear but you are still able to see the dog on a chain . Shamiema Abrahams 2025-09-25 13:29
