Subject: Re: Address likely 30 Valentyn Road Tijgerhof (Milnerton)

She has something to hide. That is my gut feel. It also feels like a veiled threat that she knows Nigerians that can make trouble. She cannot try and wriggle out of the fact that despite alleged (and possible) vet visit of 6 days ago that in interim between Sunday till present, Wednesday, she has as yet failed to update the post confirming whether she did at long last reach out to a vet receptionist (welfare or private vet) and make a plan with them so poor Eddie's very obviously dripping abscess could be seen to given that she had spoken on it coming from a lump. There is no way that can be seen as anything but highly negligent and downright cruel.
