PLEASE INSPECT AS PER THE EMAIL RECEIVED - Hi I am reporting to you this cause many times these people have been getting away with animal abuse as of right now there are two puppies in the yard that were hidden last time the SPCA were there. The yard is full of dirt and the dogs are dumped in that filth. The owner kick them and swear like mad if they run in there are two bigger dogs at the front aswell the male is the father of them neighbours have been throwing over food for the two Infront for years but the ones in the yard are neglected by the owner of the house they are left so with no food or water in the hot hot days like that please can you do something to save them they are good dogs they are brown like the mother was i can't get into the place to take photos but few people have reported her before please help
