Please describe the concern you have

A lady running a dog day care in horrible, dirty conditions. Dog excrement, rotting food and alcohol bottles all over the property. Dogs being abused - kept in cages even when they are friendly. Her own dog suffers from cancer; he bleeds from the mouth and gums and nothing is done to help him. School owner sends staff home and spends the day drinking alcohol while supposedly watching other people's pets. She is unreachable by owners when dogs are boarding. The premises is filthy and riddled with dog poop.
