Follow-Up Date:	2026-02-03
Comments:	I phoned Joostenberg animal clinic and spoke to Dr L.Shaw who is the veterinarian that examined the cats. She told me that the 2 cats need extractions as their teeth are rotten but that anesthetic is a risk. She stated that the antibiotics will help a bit but not resolve the problem. She also stated that she didn't give a follow-up for the cats to come back as the owner dont havw the money to do the extraction and she cant force the owner. I've discussed the matter with inspector Philander who advised that I do a follow-up after 2 weeks
