| Type:           | CASE DISCUSSION NOTE                                                                                                                                                                                  |
| Follow-Up Date: | 2026-01-08                                                                                                                                                                                            |
| Comments:       | New informtion received from the complainant. The dogs are still in the same cage - see video attached.<br>Would this be enough grounds to obtain the warrant or do we need to the final inspection ? |
