Subject: Cruelty of the cat in Question

Hi Goodday to whom it may concern

Early this week I had laid a compliant against Manuel Claude Goncalves regarding him not taking care of his cat and not giving her vaccines we are living in the same Home he said he wants to violate his warning he received from the officer who paid him a visit yesterday and for the next visit plans on telling the officer that he gave the cat away I would really sincerely appreciate it if you could find a home for the cat because he cannot look after the cat this is utter neglect and cruelty to the cat to not have received any injection and other cats were all murdered in the community because of animal cruelty it's deeply disturbing for me and I would love for Brianna to Get a Suitable Home as soon as adoptive parents can be allocated to her because she is suffering anything could happen to her because she never received her injections

The address is 11 Verdun way strandfontein village

Kind regards
