Comments:	Before I went to the, I decided to call the owner to find out if the dogs were taken to the vet or not. At approximately 12h33, I was speaking with the owner of the dogs, who told me that, he was coming from the AWS, he further mentioned that, the dogs were admitted, they will be treated and they will be sterilized, according to the owner, they will collect the dogs on Saturday. We have made an arrangement to meet with the owner in order to take the picture that was issued to the owner, he agreed, then after few minutes, he arrived with the receipt. We may do a follow-up inspection in 13 days.
