Comments:	Due to the heavy caseloads and inspectors being on leave, we have a number of new cases that require prioritisation. According to the last report, the owner has changed the animals over to dog food and is feeding them more frequently. We can conduct a follow-up inspection in due course to assess whether these improvements have been maintained and to determine if any further intervention is required. At this stage, it would be more appropriate to prioritise cases involving immediate welfare concerns.
