Comments:	Due to the heavy caseloads and inspectors being on leave, we have a number of new cases that require prioritisation. According to the latest reports, the inspector noted that the dogs are being kept on chains; however, the dog continues to break loose as the collar repeatedly breaks. The inspector is requested to assist the owner by providing a stronger, better-quality collar for the dog. The case has been rescheduled and can be followed up on 9 October 2026 to assess compliance and determine whether any further intervention is required.
