| Comments:       | feedback provided to the compl who wasnt at all happy about the outcome as she says that shes got evidence of the catsa coming to her property and then the cats done return. it was advised to the compl to please provide affidavids of the incidents that she may have heard as she never witnessed the killings but is making assumptions off what she can hear and as per the call she stated that she can hear the water running the cat screaming and knives being used (love how she has such excellent hearing) she says she she can hear how the cats are being tortures. the compl confirmed she will do the affidavit and will get back to u on te whastapp and will also ask the other surrounding neighbors if they can do an affidavit to back up her statement. |
