Good day, Kim

Thank you for contacting the Cape of Good Hope SPCA. We appreciate your care and concern for animals.

Where there is an animal welfare concern and contraventions in terms of the Animals Protection Act 71 of 1962, we will gladly investigate the matter. However, we require a physical location of where the animal can be found (exact address and/or GPS location and/or directions).

Without an exact location, we are unfortunately unable to investigate the matter.

Please provide us with the exact location so we can dispatch an Inspector to investigate the mentioned concerns.

We look forward to receiving further information from you so we can attend to the matter and assist the animals.

Thank you for caring.

Kind regards
Peace

Good Morning,

Would it be possible to come out and have look at a situation regarding 3 cats please?

1 is currently heavily pregnant.
They go without eating and drinking for days.
There are 2 elderly disabled people living in the home along with all their kids and grandkids.
No one is working and theres no income except for pension.

My main concern is the pregnant mommy.
Shes not getting enough food and what happens when she gives birth.
They are going to die. She needs to be sterilized asap.
The other 2 are already sterilized and seems to catching their own food as they don't look malnourished.

I've brought them some food but not sure how long that will last them.
