Comments: CAPE OF GOOD HOPE SPCA
FORMAL INSPECTOR FIELD REPORT - SECOND WARNING

Case No: INSP237409
Date & Time: 07 October 2026
Address: 29 Knorhoek Road, Sir Lowry's Pass, Western Cape
Inspector: Jeffrey Mfini
Case Type: Welfare Check - Second Warning - Cow Grazing / Unable to Locate

1. PERSON RESPONSIBLE

- Owner Name: Mahomba
- ID No: Not available
- Cell: Not available
- Person Met: Owner not available / Animal not located

3. ATTENDANCE & OBSERVATIONS

As I am still struggling to locate the cow, I decided to call Kyle who is the Inspector at Animal Welfare Society in Gordons Bay.

I requested him to keep an eye, to go and have a look on the dog / cow and if he locates the dog / cow to call me immediately.

Kyle told me that he is on leave and he will be back on duty on Friday. However, he resides in Sir Lowry's Pass and he knows where the cow normally grazes. He will go and have a look and if it happens he sees the cow then he will give me a call as soon as possible.

No physical inspection conducted at property today due to inability to locate animal.

4. ACTION TAKEN

- Contacted Kyle - Inspector AWS Gordons Bay / Sir Lowry's Pass - Requested assistance to locate.
- Kyle on leave until Friday but resides in Sir Lowry's Pass - Agreed to check grazing area.

5. WAY FORWARD / RECOMMENDATION

I will follow up with Kyle tomorrow for update. Follow-up inspection once location of cow is confirmed. Second Warning remains pending.
