CASE DISCUSSION NOTE

2026-10-06

Primary Focus for the Morning

1. Rabies Vaccinations
- Ensure all eligible animals receive rabies vaccinations.
Record vaccinations administered and identify any animals requiring follow-up.
2. Deworming
- Administer deworming treatment to animals presented during the outreach.
Record treatments provided.
3. Deflea Treatment
- Apply flea treatment to animals as needed.
Educate owners on ongoing parasite control where appropriate.
4. Sterilisations
- Identify and admit animals for sterilisation.
Complete all required admission documentation and transport arrangements.
5. Surrenders
- Assess and process owner surrender requests.
Ensure all surrender documentation is completed accurately and counsel owners where necessary.
- Captured By: MAGDALENE MARSHALL 2026-10-05 13:20
