Comments:	Ernst OCT 04, 13:00 Hello, I would like to report an injured springbok ewe. Location: Die Heerenhuys Guest Suites Devonvalley Stellenbosch She has had tissue hanging from her vulva for several days. She is still walking and grazing but she is losing condition, you can see her ribs. There is dark staining under her tail. Her right hind leg also looks thin / injured. I have a clear photo and video. Could you please send someone to check her? She has been in the same area for days. Thank you, Ernst - 066 519 8374
