Inspector:	MAGDALENE MARSHALL

Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2026-10-09
Comments:	This matter was discussed between Rowan and myself, and we both agreed that it would be best for the case to be followed up on in the morning. This will allow us to determine whether the owners have obtained veterinary treatment for the dog suffering from cherry eye . In addition, based on the photographs provided, there appear to be several dogs on the property. Attending during daylight hours will ensure that the inspector has sufficient visibility to properly assess the animals and thoroughly inspect the area.
