Good day

The SPCA Animal Hospital in Grassy Park offers reduced rates for pet owners who can't afford the services of private vets. The cost of treatment will depend on your income.

Your sick or injured pet can be brought to the hospital between 8am and 4pm week days. We do not have an ambulance service – pet owners are responsible for bringing in their own animals for treatment. There is NO VET at the SPCA after hours.

Contact the hospital on 021 700 4145 or email hospital@spca-ct.co.za

Please note: If you can't afford treatment or can't bring your animal to our hospital for treatment , you can surrender your animal to the SPCA for humane euthanasia to prevent suffering .

I'm unemployed and I can't bring my cat neither do I want to surrender my baby

That's why I'm asking for help

Please

Please

We do not have an ambulance service to collect owned animals for treatment , as this is deemed the owners responsibility.

We can only collect if you want to surrender the cat or have it humanely euthanised .
