What are you reporting?

Neglect

Further information

The people own a dog but it looks like they are never there. You never see movement there so im not sure when last the dog has had food or water. It looks like she gets left alone for days. I spoke yesterday to the neighbor and asked when last they saw the owners and they said they not sure when last they were there. That dog gets no attention. She's left alone in a yard with long grass and her feces. Its not right.....
