1. ATTENDANCE & ACCESS

I met with a family member Freda Scholtz, with cellphone number 067 390 8721, who allowed me onto the property.

2. OBSERVATIONS / FINDINGS

Freda allowed me into the property and she led me to the back of the house. The dog was confined on the right side of the house.

- Food: There was food provided to the dog.
- Water: There was water provided to the dog.
- Shelter: There was shelter provided to the dog, although the shelter appeared to be some of the wooden planks were off from the shelter.
- Body Condition: Dog in fair/healthy condition.

3. DISCUSSION REGARDING SHELTER

I then wanted to know what happened to the shelter. Freda told me that they are planning to buy another shelter or they are planning to buy another shelter on weekends, on month end.

I told them that they needed to fix that shelter and I also told them that they needed to look after that shelter as it was a gift. They didn't pay anything.

And Freda told me that they did pay five hundred rands to the guy who dropped the shelter off at SPCA. I told her that I'm unaware about that as I'm the one who requested the shelter to be dropped off, and the person who I asked to drop the shelter off didn't tell me anything about five hundred rands.

According to Freda, the family members are willing to provide a suitable statement based on that, as that happened while there were about four people onto the property.

I will have to discuss the matter with the management.

4. ACTION TAKEN

However Freda agreed for me to take the dog in for fosterization. I brought the dog in for fosterization.

Possibly the dog would be going back home on Friday.

- Dog taken in: Admission No G 46604 linked.
- Shelter issue to be discussed with management regarding alleged R500 payment.

5. WAY FORWARD

Dog in SPCA foster care. To be returned home on Friday if shelter fixed. Investigation into alleged payment for donated shelter to be escalated to management.
