- Cell: Not available
- Person Met on Property: Shakiera Jacobs (Sister) - Owner of 2 dogs

2. ANIMALS FOUND - TOTAL: 3 DOGS

1. "Klitjie": Female, 4 Years Old, White / Tan / Black, Mother dog. Owner: Shakiera Jacobs. Condition: Fair body condition.

2. "Layla": Female, 5-6 Months Old, Unsterilized, Crossbreed. Owner: Shakiera Jacobs. Not on property at time of inspection - see below.

3. Pitbull Type: Female, Unsterilized, Brown & White. Condition: Underweight, with old and new bite marks consistent with dog fighting, recently involved in a fight. Also appears to be developing a skin condition.

3. OBSERVATIONS

On arrival I met with Ms Shakiera Jacobs who stated she is the owner of two dogs.

- Mother dog "Klitjie" (4 years, white/tan/black) appeared to be in fair condition. According to Shakiera, the dogs sleep inside the house.

- Second dog "Layla" (5-6 months, unsterilized female crossbreed) was no longer at the property. Ms Jacobs claimed that the dog died yesterday after it was poisoned.

- A third dog was also found on property: Female, unsterilized, brown and white Pitbull type. Dog appeared underweight with both old and new bite marks. Information received indicates dog was in a fight a few days ago.

Housing: The Pitbull was no longer tethered with a short static rope at time of inspection. She was free roaming inside the property.

Environment: The living environment where the dogs were kept was clean. Owner removed / picked up hazardous materials from where the dogs are kept.

Water: No water had been provided to the dogs at time of inspection. I instructed Ms Jacobs to provide water immediately and she complied.
