3. ATTENDANCE & OBSERVATIONS - SECOND VISIT UPDATE

Upon my arrival onto the property I have knocked and shouted, no one came out. Then the neighbour came out and told me that there was no one onto the property.

As it was my second time coming to the property without seeing the dogs or examining the dogs, this time around I decided to drive next to the garage where the dogs are being kept and then I used the SPCA vehicle to step on in order to see what was happening inside.

I have observed two dogs as per above. Both the dogs appears to be in a fair condition. Even the dog in question (Kiki) appeared to be gaining weight.

There was water provided to the dogs.

Shelter was provided to the dogs and their living environment was clean.
