**CHECKLISTS**

General Report Comments: A follow-up inspection was attempted at the informal settlement structure to verify veterinary care for the dog.  
Observations & Findings:  
Occupancy & Presence: Neither the owner nor the dog was present at the structure during the visit.  
Neighbor Inquiry: A neighbor from an adjacent structure stated the owner was currently away and the dog had accompanied him. The neighbor could not confirm whether the dog had received veterinary treatment.  
Attempts & Patterns:  
Multiple attempts (now two visits) have been made to locate the dog and verify veterinary compliance, but the owner has been consistently absent during regular hours.  
Conclusion & Recommendation:  
After-Hours Request: Hand over the case to the after-hours inspector to conduct a home visit during evening/after-hours when the owner is more likely to be present.  
Goal: Inspect the dog on-site and confirm/verify proof of veterinary treatment.
