General Report Comments: I was allowed access to the property by Gavin. Angel appeared to be gaining weight. He told me that he had replaced the dogs food with Bobtail, as before the weightloss.

He told me that he haf also given the dog a dewormer.

The dog was alert and responsive at the time of my inspection. It has access to water and a kennel.

We can follow up in a months time and then make decision on vet treatment or not
- depending on whether there is signifcant weight or not
