General Report Comments: Upon arrival, I knocked on the front door, and the owner answered. I introduced myself and explained the concerns that had been reported. The owner advised that, on the day in question, she had gone shopping and had left the vehicle parked in an underground parking area with the windows partially open. She stated that she did not believe there was any cause for concern.

I explained that animals should not be left unattended in a vehicle under any circumstances and informed her that a warning would be issued. The owner acknowledged this and raised no objection.

During the inspection, I observed four dogs residing on the property. The dogs had access to potable drinking water and were being kept in a clean and hygienic environment.

I issued the owner with a warning instructing her to refrain from leaving any dog unattended inside a vehicle in the future.

The owner accepted the warning and signed to acknowledge receipt thereof.
