General Report Comments: I was allowed access to the property by the owner, Tariq. He took me to the back of the property where the dog, Sila, a female dog was feeding six puppies. He told me that the puppies were about three weeks old. The mother dog appears to be in a fair condition considering the fact that she is feeding six puppies. He told me that he is feeding kibble.

The dogs had access to a shelter/kennel and the living area was clean. The dog appears to be alert and responsive. The dog had access to water.

I advised him to not give the puppies away until they were weaned off the mother. He agreed to this.

We can follow up in a few weeks time as to the condition of the puppies.
