General Report Comments: Upon arrival at the property I met with the tenant and addressed the welfare concerns brought to our attention regarding the animal on the property.

I observed 1 x pitbull kept at the back of the property with no access to drinkable water available, the dog appeared to be underweight as ribs visible. The dog was on a short chain that limited movement due to manner of chaining and there was shelter but no ideal for the elements.

I issued a warning stating that the owner should within;

1. Seek immediate veterinary attention or surrender the dog over to the spca 72hours
2. Clean and well maintain living enviroment 72hours
3. Provide adequate shelter against the elements 7days
4. Unchain and let dog free roam freely on the property or place fhe dog on a suitable running chain (refer to leaflet) 7days
5. Ensure drinkable water is available at all times
