General Report Comments: I was allowed access to the property by Mrs Du Plessis, the owners' spouse. She told me that she was planning on taking the dog to our mobile clinic next week to have the dog euthanased due him having arthritis and she cannot take care of him anymore. She showed me that dip that she uses to wash the dog. Se also told me that the is 9 years old and, because they have always had GSD's, she could tell that he was getting old.

She started crying as she tols me this. I offered to take the dog to be euthanased, she agreed, but asked if they could spend tonight together with the dog as her daughter would want to say goodbye.

Due to the fact that the dog did not appear to be in distress or suffering . I offered to collect the dog tomorrow for euathanasia.

The dog had access to a kennel.and water and was responsaice and alert at the time of my inspection.
