General Report Comments: An inspection was conducted on-site after meeting directly with the owner of the injured animals.

Observations & Animal Status:

Animals: Observed a mare and her foal. Both are in fair body condition and have access to clean water and adequate shelter.

Injuries: Both horses sustained visible cuts and bite wounds caused by a dog attack.

Incident Details & Owner Account:

Incident: The owner reported that while the horses were grazing in a nearby field, a local resident let a dog loose. The dog attacked and bit the horses, causing them to break free and flee.

Recovery & Response: Community members caught and returned the horses to the owner. Upon discovering the injuries, the owner immediately contacted the Cart Horse Protection Association for medical assistance.

Actions Taken & Directives:

Owner Escort: Agreed to accompany the horse owner to the dog owner's residence to address the incident.

Warning Issued: Issued Warning Notice #25829, which was signed and accepted by the horse owner.

Directives:

Provide adequate veterinary treatment to the injured horses within 48 hours and submit a corresponding veterinary report to the SPCA.

Provide a formal affidavit detailing the incident and injuries.

Collect and submit affidavits from eyewitnesses in the community to enable the SPCA or law enforcement to press charges against the dog owner.

Follow-Up & Pending Actions:

Cart Horse Association confirmed they were 10 minutes away from arriving to treat the horses on-site.

The area inspector is scheduled to follow up on Monday (or call the owner / Cart Horse Association to verify treatment completion).
