1. PERSONS RESPONSIBLE

- Owner: Reaaz - ID No: Not available - Cell: 083 477 5562 / 083 305 4582
- Caretaker on property: Moses Selialia
- Person on property who accepted warning: Aqsa Ismail

2. ANIMALS FOUND ON PROPERTY

Goats, sheep, chickens, peacock, dogs, rabbits and cattle.

3. NATURE OF COMPLAINT

As per email: "Good day. I am currently staying at Pegazuz Farm in Gordon's Bay. This morning I took a walk around exploring the surroundings. I was appalled at the conditions neighbouring Pegazuz. I reported finding a dead goat on their property. I don't know who they are but I took some photos."

Complainant also reported thin goats with no food.

4. ATTENDANCE & OBSERVATIONS

I found that the correct address was No 9 Windsor Street, Firlands and not 9 Aqua Road, Firlands.

I had to call the complainant in order to get more details about the property as I was at the wrong place. She then directed me to where she was. She opened the gate and allowed me into address No 7. She wanted to drive with me, I told her that I don't want to put her at risk as we always protect the complainant. She told me that I must not worry.

We then proceeded onto property No 7. She showed me the goats that appeared to be thin. There was no food to eat, they were only grazing on the grass that was short. The property had goats, sheep, chickens, peacock, dogs, rabbits and cattle. Except for the goats, I cannot confirm the condition of the other animals as they were not that close to me.

I also met with a landlord who provided me with the details of the owner. She told me that the animals do not have food, they are forced to graze or they are depending on grazing.

I then proceeded to the property that belongs to the animals. I met Moses Selialia, caretaker, who was not comfortable to allow me onto the property. He claimed that he was new as caretaker, the caretaker that used to look after the animals was fired.

He went to call a daughter who was inside the house. She introduced herself as Aqsa Ismail. After I told her the nature of the complaint, she responded by saying her parents were not at home.

As I was provided with the details of the owner, I attempted to call him on both given cellphones more than 4 times. Both cellphones were ringing with no answer.

5. ACTION TAKEN / WARNING ISSUED - No 25934

Based on what I witnessed, I issued a warning as follows:

(1) Provide your animals with adequate food on a daily basis.

(2) Most of all the goats are extremely thin and appears to be sick. Take all of them to the veterinarian for adequate treatment within 48 hours. We need to be provided with a proof of the veterinarian report.

(3) To contact the SPCA within 24 hours on 021 700 4158 / 021 700 4159.

SIGNED & ACCEPTED BY: Aqsa Ismail

PLACE: Firlands

TIME: 17h01

6. WAY FORWARD
