General Report Comments: I met with Ernest, the owner of the farm. He wanted advice as to how to treat one of his injured/sick springbok.

I was able to make contact with Dr William van Zyl, 0828907336 who will be coming out later today to examine and possibly dart the animal.

There was also chickens and peafowl on the property. They had access to shelter and water and were free roaming. I did not observe any welfare concerns.

Will follow up on the springbom later in the week.
