General Report Comments: An inspection visit was conducted on-site following up on previous directives.

Site Assessment & Tenant Consultation:

Property Check: Spoke with tenants, who confirmed the owner, Calvin, was not present. Conducted an initial property walk-through while waiting; several animals remained in unimproved conditions.

Missing Animals: The previously observed injured, underweight, and poor-condition dogs were not immediately visualised during the walk-through.

Owner Consultation & Agreement:

GF Contact: Met on-site with Calvin's girlfriend, Tanya, who indicated that Calvin agreed to surrender all animals, as he cannot meet the required veterinary treatment and housing standards.

Telephonic Confirmation: Telephoned Calvin directly; he confirmed his agreement to surrender all dogs and authorized Tanya to sign the surrender documentation on his behalf due to his work schedule.

Logistics & Collection Planning:

Population Count: Approximately 10–15 adult dogs and 10–15 puppies (total approx. 20–30 animals) require impoundment and transport.

Action Plan: Contacted SPCA Control to request a dedicated Collection Officer and additional transport vehicles to execute the multi-animal surrender.

Case Status:

Pending large-scale collection and surrender execution.
