General Report Comments: I was met by Brevin, the owners son who confirmed that he was over 18 years old.

Bruno, the dog was on a short chain. The dog had a chain around its nwck also, but it was protectes by a rubber tube. The dog appeared to be in a fair condition. It has access to a kennel which had a hole in the roof. The living area was clean.

I explained to the son that they would have to place Bruno on a running chain and also to repair the kennel. He was amenable to that.

Warning issued for running chain and to repair the kennel within 14 days.
