General Report Comments: I was met by the 90 year old Mrs Wilhelmina Cloete, who told me that the dog, who's name she could not remember, belonged to her grandson, that was 12 years old.

The dog had access to a shelter which was adequate and tied because they were waiting for their gates to be made. The dog had access to water and appeared to be in a fair condition. The living area had pieces of wood and dirt. She told me that they had had 2 dogs but the other dog had died a few months ago.

I requested that they clean the dogs living area and setup a running chain.

She agreed.

1. Clean the living area within 72 hours
2. Install a running chain within 14 days
