Dear Inspector

RE: NOTICE TO COMPLY – NUMBER 14688

We refer to the “Notice to Comply” issued on the 18th of February 2026 at 11:50. Please note that we only became physically aware of the notice at 17:38 on the same day.

As instructed in the notice, we contacted the number 083 326 1604 on the 18th of February 2026 at 21:36 and spoke to Camryn, who advised that Inspector Ntugele would contact us on the 19th of February 2026.

Inspector Lwazi Ntugele contacted Claudie Wilson at 09:51 on the 19th of February 2026, during which the following matters were discussed:

1. A welfare concern was lodged with the SPCA regarding sufficient shelter for the two dogs on the property. Inspector Ntugele indicated that, at the time of his visit to the premises, he observed a kennel and an umbrella available on the property, which served as shelter for the dogs.
2. There is also a concern regarding the older dog, CC, who is approximately 15 years old. Claudie Wilson advised Inspector Ntugele that CC was taken to the veterinarian earlier this year and that a report will be made available to the SPCA once received from the veterinarian. (Please see such report attached).

While we understand that your investigation is ongoing, we would like to place the following on record:

1. Although CC is advanced in age, he does not appear to be uncomfortable. Based on the veterinarian's recommendation, euthanasia is not considered necessary.
2. There is sufficient shade available for the dogs, including a tree on the property. In addition, a dog kennel and umbrella is in place, for rainy conditions.

As confirmed, we will meet Inspector Lwazi Ntugele at the premises on the 21st of February 2026 (no official time has been confirmed):
