Comments:	Apon arrival at the property accompanied by SPCA Inspetor Julian we met with the wife of the owner who gave us access and she informed us that the owner was not at home, Upon inspection we observed 1 brown pitbul and when we ask about the second black pitbul she's informed us that the owner gave it away and he is in possession of 1 dog now and it's still not sterilized. We will go back again on Thursday, when the owner is at home to check up if he complied.
