Subject: Re: Urgent help needed mistreated dog

Good day Dustin

I honestly don't know how this matter was even concluded? (I attached photos of the dog named Focus)

This poor doggie is still not being treated properly (still abused, still neglected)

Also these people are thrown out of the house because of the drug use on the premises and the dog will be completely lost.

He still has loads of ticks and he is unbalanced

Could this case be checked again please
