Follow-Up Date: 2026-02-18
Comments: THE COMPLAINANT DO NOT HAVE TO HEAR THE FOLLOWING.

I went over to Hospital, where I met with Janine, she confirmed that the dogs were at the SPCA on Saturday the 31st of January 2026, unfortunately the vet that examined the dogs didn't write any notes and the nurse that also examined didn't do the notes, the only thing that I saw, it was the note that, one of the dogs was vaccinated, there is nothing much I can say about what was done onto the dogs.

THE COMPLAINANT CAN BE GIVEN THIS FEEDBACK.

As the dogs were taken to the vet on the 31st of January and they were given worm pills and the other dog was vaccinated.

I think we may give two weeks then we need to go back to the property to see if there is any improvement on the dogs
