Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2026-02-05
Comments:	As per my discussion on Rudi, I will do the follow up on Thursday to check water and food , and to sort out the issues of hazardous materials and unnecessary materials within the food provided. Furthermore, the goat with a broken leg issue will be dealt with by way of a fine issued by LE should they not be able to confirm the euthanasia of the animal, or adequate treatment. We are looking at working with the owner and offering advisement and education on moving forward with the farm . However, there is no indication of unnecessary slaughter or slaughtering for business purposes.
