Subject: RE: CoGH SPCA: cruelty case 22701

Good day

I called this morning and was updated that a warrant was being issued for this case in Ronderberg road NO:PR 18.

Driving past yesterday not a drop of water with a cow standing on its hind legs trying desperately to get a drink of 'nothing'. Pigs scavenging in the filth at the front gate again, and daily.

The sooner this is dealt with the better for these poor animals suffering at the hands of these people who have been doing this unabated for years!
It's shameful.

Regards
Lynn
