Inspector:	JEFFREY MFINI

Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2026-02-04
Comments:	Unfortunately when I was at the property on th 30th of January 2026, I didn't see the maggots, i am not sure where exactly they coming from, it will be the best for the complainant to call Health Environmental as they were not there wjen it was at the property. The owmer bought the Nexgard pills for both dogs, now we need to make an arrangement to collect the dog and a cat for sterilization.
